Product function: repellent to control the presence of mosquitoes, such as *Aedes aegypti*, *Anopheles stephensi* & *Culex quinquefasciatus*.

Description: Natural mosquito repellent granules, easy to use, fast & easy to implement. The product repels adult mosquitoes. Fragrant formulation is based on plant extracts and essential oils, which repel mosquitoes. Does not change or stain the treated surfaces. The mechanism of action consists in the perception of the odor is through chemo receptors present in the antennae of mosquitoes. The product acts by masking the human scent, and in this way the mosquito does not bite. All the ingredients are from natural origin.

Application: The product is ready to use. Sprinkle granules around the seating area. Spread a strip about 6 feet wide.

Sprinkle on dry area. Keep the area dry for 48 hours after treatment. For maximum results apply product 8-10 hours before staying in the area you want. Do not water area with sprinkler for 48-72 hours after application depending on conditions. will not damage your lawn or garden.

Effectiveness: Active for 48 hours.

Number and time of applications: If it is necessary you should renew when you feel the odor has expired.

Precautions:

Ensure good ventilation of the application area
Avoid contact with skin and eyes.
Do not eat, drink or smoke when using this product.
Always wash hands after handling the product.
Avoid breathing vapors or spray mist of the product.
